

## *Vitae of Dr. Joe Bridwell*

### Anasazi Adventures

Anasazi Adventures is a combined cultural learning, digital tours, and HDR workflow workshop. The Four Corners Region of our Southwestern United States has a truly remarkable history between 600-1300 A.D.. The Anasazi lived there; our heritage is the incredible architectural remnants of places like Mesa Verde's Cliff Palace and Cedar Mesa's Moon House.

Come, bring your intrepid curiosity, your desire to experience another world, and trek with me to out-of-the-way places where ancient Anasazi left their distinct mark. Shoot at Magic Hour. When the light is harsh, learn of the Anasazi, digital composition, and how to create award-winning HDR Images.

You can find Anasazi Adventures at [www.BistiArt.Smugmug.com](http://www.BistiArt.Smugmug.com) - check out our

2008 Tours, HDR Workflow, and Fine Art.

### Invited Speaker

*HDR Workflow - Bridge, Adobe Camera Raw, Photomatix, & CS3* ~ Enchanted Lens Camera Club, Mentorship Program, Abq., NM, Feb. 21, 2008 - 20 slides.

#### [Radio Interviews](#)

Albuquerque writer, speaker, and photographer Joe Bridwell discusses his writing and pictures. Dr. Bridwell writes for nature and environmental magazines, and enjoys getting into the Bisti badlands with his granddaughter and camera. Hear his thoughts on her discovery of a dinosaur footprint; as well as his own on the Bisti Beast, the writing process, and how to break into magazine writing.

He'll be on the program Wednesday, January 25 at 10:30 am and Friday, January 27 at 2:30 pm, 2006. Write On 4 Corners, is broadcast by KSJE-FM, public radio for the Four Corners in Farmington, New Mexico.
